About Ascensia International School

Centrally located in the heart of Singapore, Ascensia International School (AAIS) caters to families from many different nationalities. AAIS offers a comprehensive through-train programme from Primary to High School with smooth progression from the International Baccalaureate (IB) Primary Years Programme (PYP), to the Cambridge International General Certificate of Secondary Education (IGCSE) and finally the Cambridge International AS & A Level or the Diploma Programme. Since 1992, parents have valued the school's dedication to its mission of quality education and development of the child as a whole.

AAIS is an IB World School authorised to offer primary students an inspired inquiry-led learning experience. The students' journey at AAIS is full of explorations to the world. In return, they grow to become passionate and responsible individuals seeking to move forward with a positive attitude.

Our students progress with the guidance and care by our committed teachers during the Secondary Years. AAIS aims to equip our students with both the academic knowledge and 21st Century skillset through the IGCSE programme and further strengthen them through the Cambridge International AS & A Level or the Diploma Programme.

AAIS has attained the Diploma Programme Candidacy aiming to provide students with quality education at pre-university and High School level. The programme focuses on skills in research, communication and presentation, which will enhance our students' minds and hearts for their future endeavours in the Higher Education level.

At AAIS, the student-centred pedagogy, incorporating rigorous focus on academic and holistic development, creates a transformational whole new educational experience, empowering students to develop and gain admission into prestigious colleges and universities. Also, an inquiry-based pedagogy ensures that high quality teaching and learning meets the needs of all its students. To complement the high degree of academic rigour, the students celebrate diversity and undertake social responsibility inside and outside of the classroom. They are honed to a high level of awareness, demonstrating aptitude in global citizenship and intercultural environments as agents and leaders who are principled and responsible.

*AAIS is a candidate school for the International Baccalaureate (IB) Diploma Programme (DP) and pursuing authorization as an IB World School. Only schools authorized by the International Baccalaureate can offer any of its four academic programmes: Primary Years Programme (PYP), Middle Years Programme (MYP), Diploma Programme (DP) or Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted. For further information about the IB and its programmes, visit www.ibo.org

Health

If You Need Medical Attention

There are four modes to seek help.

1. visit a polyclinic
2. visit a private clinic near where you stay
3. admit to the Accident and Emergency Section (A&E) of any hospital if you have an emergency
4. Dial 995 if you need an ambulance urgently, otherwise dial 1777

Average Costs of Outpatient Consultation

In general, the consultation fee at a polyclinic is \$41.70 for non-Singaporeans. There are separate charges for screenings, medical examinations and other services.

Consultation fees for private clinics vary and a minimum of \$18 is commonly charged. Dental charges at polyclinic range from \$31.50 - \$93.90.

Personal and Medical Insurance

Although occasional visits to polyclinics and private clinics are affordable to most people, hospitalisation and surgeries can turn out to be extremely costly in Singapore.

International students are therefore advised to purchase a medical insurance during their studies. Hospital and medical insurance can be purchased at insurance companies in Singapore.

All of Ascensia International School's students will be covered by the school's group medical insurance policy with Liberty Insurance.

Secrets of Academic Success

A. DEVELOP GOOD STUDY HABITS

1. Daily Revision

- ✓ Look through what was taught in class and do assigned homework daily.

2. Be your own teacher

- ✓ Teach yourself. Don't rely too much on your teacher to spoon feed you every time. Get excited about learning. Learn to love your subjects.

3. Develop a super-power memory - one that will astonish your friends and amaze your teacher.

- ✓ Remember that there is no such thing as a poor memory – only an untrained one. Your memory is like a muscle; exercise it and it will become stronger.

4. Make full use of classroom instruction

- ✓ Be prepared for your lessons; come with the appropriate books and equipment you need. Listen and concentrate in class.

5. Develop a routine

- ✓ Organise your room, so that you know exactly where your books, files, writing materials, clothes, uniforms etc. are at all times. Make sure you have a table or at least a desk to sit at and write on. Do your homework straightaway; especially on Fridays when you have the whole weekend to do it.

6. Work co-operatively with your friends

- ✓ Form study groups of four to five persons. These groups will enable you to develop / clarify your ideas, improve your understanding of the topic under discussion and feel less anxious about your work.

B. STUDY SKILLS

1. Understand what you have learnt for the day

- ✓ Read and skim through textbooks or notes for keywords, main ideas and important examples.

2. Organise the information

- ✓ Using mind-mapping or note-taking, organise the topic you have just studied.

3. Recall

- ✓ Write down brief points.
- ✓ Check with your notes to find out which are the points you have missed out.

4. Mastering the information

- ✓ For subjects requiring the application of knowledge, like Mathematics, practise many problems to master the skills.

C. KEEPING A HEALTHY LIFESTYLE

1. Ensure at least 7 to 8 hours of sleep every day.

2. Keep a balanced diet.

- ✓ Eat more vegetables and fruits and avoid oily/fried food. Take vitamins if necessary.

3. Ensure an hour of exercise every day.
