About Ascensia International School

Ascensia International School specialises in providing formal education to international students, with programmes ranging from Cambridge Primary and IGCSE, preparatory courses for Singapore government schools to GCE O-level and A-level examinations. Formerly known as Hua Business School, Ascensia International School is one of Singapore's well established International schools. To this end, it invests in a state of the art technology that allows for interactive curriculum to be developed to make learning more interesting. Our teachers are encouraged to explore innovative ways of delivering lessons, making use of the technology to provide interactive learning in and outside the classrooms. Ascensia International School draws out the best in each student by encouraging him to be curious, to explore and to discover through a well-integrated curriculum of lessons and fun activities.

Since we started international school courses and preparatory courses for international students, a significant percentage of our students have passed through our doors successfully before entering local schools. Similarly, a large number of our students have been successfully prepared for the O-level examinations and then onward to tertiary education both locally and abroad. We are proud to play a role in making available quality Singapore education to thousands of students from our neighbouring countries and from China.

Fee Protection Scheme

The Fee Protection Scheme (FPS) serves to protect the students' fees in the event a Private Education Institution (PEI) is unable to continue operations due to insolvency, and/or regulatory closure. Furthermore, the FPS protects the student if the PEI fails to pay penalties or return fees to the student arising from judgements made against it by the Singapore courts.

We have in place the Fee Protection Scheme (FPS) that adheres to the guidelines set by the Committee for Private Education, SkillsFuture Singapore (CPE) by way of an insurance facility.

PEI – appointed FPS provider: Liberty Insurance Pte Ltd.

The insurance scheme protects the students' tuition fees and other fees except the Application fee which is non-refundable.

For more information on the FPS, please refer to **www.cpe.gov.sg**.

If the Form Teacher is unable to find a resolution to the student's grievance/complaint/feedback within the time limit specified, the student may raise the grievance/complaint/feedback to the Principal within 3 working days.

The Principal will provide opportunity for further investigation and review, and respond to the student within 7 working days after the receipt of the grievance/complaint/feedback from the student.

If the response of the Principal is unsatisfactory to the student and does not settle the issue, the aggrieved student may raise the issue with the CEO within 3 working days.

The CEO will provide opportunity for further investigation, discussion and review, and respond within 7 working days after the receipt of the grievance/complaint/feedback from the aggrieved student.

In the event that our school is unable to resolve the student's grievance/complaint/feedback, we shall refer the matter to the CPE for mediation. Depending on situation, the case may be referred to the Singapore Mediation Centre, Singapore Institute of Arbitrators or Singapore Small Claims Tribunal where necessary.

Student Appeal Process

The Student Appeal Process is defined as the process in place to handle appeals of students' assessment results arising from end of year examinations which require formal invigilation. The window period for students to lodge an appeal will be within 7 days from the release of the assessment results.

An appeal over an assessment result may be initiated by a student or his parent within 7 days from the release of the result who then fills in the Appeal Form. The Initiator of appeal hands in the form and a fee of \$50.00 (subject to 7% GST) to the Administrative Office.

The Principal receives the Appeal Form within 2 working days and discusses the appeal with the Examination Committee.

The Teacher-in-charge goes through the marked exam scripts thoroughly, checks the student's daily performance and examines whether cross-marking is necessary. This investigation and analysis will be completed within 2 days.

The Principal meets with the Examination Committee to discuss the recommended action.

The Principal reports the appeal case, the investigation and the recommended course of actions to the Academic & Examinations Board and seek its endorsement within 7 working days from the date of appeal.

The final decision for the appeal is endorsed by the Academic & Examinations Board and the appeal results are released to the initiator of appeal within 14 working days after the appeal is made.

Secrets of Academic Success

A. DEVELOP GOOD STUDY HABITS

1. Daily Revision

- ✓ Look through what was taught in class and do assigned homework daily.

2. Be your own teacher

- ✓ Teach yourself. Don't rely too much on your teacher to spoon feed you every time. Get excited about learning. Learn to love your subjects.

3. Develop a super-power memory - one that will astonish your friends and amaze your teacher.

- ✓ Remember that there is no such thing as a poor memory – only an untrained one. Your memory is like a muscle; exercise it and it will become stronger.

4. Make full use of classroom instruction

- ✓ Be prepared for your lessons; come with the appropriate books and equipment you need. Listen and concentrate in class.

5. Develop a routine

- ✓ Organise your room, so that you know exactly where your books, files, writing materials, clothes, uniforms etc. are at all times. Make sure you have a table or at least a desk to sit at and write on. Do your homework straightaway; especially on Fridays when you have the whole weekend to do it.

6. Work co-operatively with your friends

- ✓ Form study groups of four to five persons. These groups will enable you to develop / clarify your ideas, improve your understanding of the topic under discussion and feel less anxious about your work.

B. STUDY SKILLS

1. Understand what you have learnt for the day

- ✓ Read and skim through textbooks or notes for keywords, main ideas and important examples.

2. Organise the information

- ✓ Using mind-mapping or note-taking, organise the topic you have just studied.

3. Recall

- ✓ Write down brief points.
- ✓ Check with your notes to find out which are the points you have missed out.

4. Mastering the information

- ✓ For subjects requiring the application of knowledge, like Mathematics, practise many problems to master the skills.

C. KEEPING A HEALTHY LIFESTYLE

1. Ensure at least 7 to 8 hours of sleep every day.

2. Do not stay up late.

3. Drink at least 6 glasses of water every day.

4. Keep a balanced diet.

- ✓ Eat more vegetables and fruits and avoid oily/fried food. Take vitamins if necessary.

5. Ensure an hour of exercise every day.
